

## SHUB-NIGGURATH (BLACK GOAT OF THE WOODS)

---

CE

The Black Goat of the Woods with a Thousand Young has a relatively strong following within the Inner Sea region compared to the other gods of her pantheon, usually localized in rural areas: especially forests, jungles or swamps. The largest cult following is around Lake Encarthan, which is also home to a piece of Shub-Niggurath: the Watcher in the Bay, the result of an occult ritual designed to call out Shub-Niggurath enacted long ago by her worshipper Ariadnah.

Shub-Niggurath was responsible for spawning millions of neothelids into the surface of Golarion during the Age of Creation. Most neothelids venerate her and pray for her return so she might give birth to a new clutch of neothelids.

Outside of Golarion, the mi-go population mostly worship Shub-Niggurath.
